SANITARIUM HOSPITAL.

An incorporated sanitarium and hospital conducted strictly within ethical lines under the supervision of a board of trustees representing the original donors. No private interests.

This institution is too well known to require further description than the statement that it is charmingly located, thoroughly equipped, and a well-conducted place where chronic invalids, especially those suffering from various forms of indigestion, diseases peculiar to women, constipation, chronic malarial poisoning, anemia, obesity, uric acid diathesis, neurasthenia, migraine, and similar ailments, are trained into health by the aid of systematic regimen, scientific hydrotherapy, the electric light bath, massage, Swedish movements, Swedish gymnastics, all forms of electricity, and other rational measures.

Extensive bacteriological, chemical, and microscopical laboratories in connection with the institution afford complete facilities for accurate diagnosis and original research.

Delightful summer climate, charming rural scenery, lakeside resorts, boating and other sports; outdoor gymnasium, large swimming pools, tennis courts, fine private golf links, etc.

In addition to the building shown in the cut, the institution occupies some eighty cottages and other buildings.

OAK GROVE,

A Hospital for Treatment of Nervous and Mental Diseases.

A comfortable, home-like hospital for the care of a limited number of cases of nervous and mental disease, inebriety, and drug addiction.

Each patient receives the personal attention of the Medical Director daily. The nursing force is large and efficient. Special attention is paid to hydrotherapy and electrotherapy. Turkish and Russian baths are administered by nurses skilled in massage.

Artesian wells supply an abundance of pure water.

RIVERLAWN SANITARIUM,
FOR MENTAL AND NERVOUS DISEASES.

Conducted strictly on scientific and ethical lines, yet made entirely homelike, with very little to suggest to the patient that it is an institution.

The main house and cottages are delightfully situated on the river bank, the grounds are extensive and have abundant shade and offer every facility for all outdoor games.

Distant but 16 miles from New York, consultations with the eminent specialists of that city can be easily and quickly arranged, whilst convalescent patients can partake of the delights of the great metropolis.

RIVER CREST.

(Duly Licensed by the State Commission in Lunacy.)
Astoria, L. I. New York City.

The mental and nervous diseases, including committed cases and voluntary patients.

A well equipped home, situated in the elevated, residential portion of Astoria, L. I., New York City, opposite the foot of 121st Street, and 11-2 miles from the 92nd Street (Astoria Ferry). The location, in a beautiful natural park of thirty acres, is a fine one, commanding views of East River, Long Island Sound, the Grant Monument and the City. There is an attractive central building, with several roomy annex cottages affording accommodations at a very moderate rate, or expensive suites of rooms. There are separate, detached buildings, specially equipped for the modern care and treatment of cases of Alcoholism, Drug Addictions and Nervous Diseases.

THE SANITARIUM,

Lake Geneva, Wisconsin, for Medical, Surgical, Mental and Nervous Cases.

Grounds compose 70 acres in two parks. Five entirely detached and well-equipped buildings, afford every possibility for proper classification and seclusion. The location both scenically and hygienically is unequalled in America. A most capable resident staff and a consulting body of the highest rank assure the very best that medical science can accomplish.
